

FY2015 CHNA&HIP Progress Report

Clarke County

Community Health Improvement Plan

GOAL	Strategies	Progress on Strategies
To reduce Clarke County's confirmed cases of Child Abuse and Neglect from 20.5% to 17.5% by Jan.1, 2015.	Clarke County Child abuse council established 9/2013 with community representatives.	Child Abuse Council continues to meet monthly and have community awareness activities. Funding from Prevent Child Abuse Iowa .
	Expand services to children 0-18 as funding allows including home visitation services.	Parents as Teachers program is planning an expansion of services with a part-time staff in FY 16 for families with children birth to age 5 with risk factors. Funding from Prevent Child Abuse Iowa, Early Childhood Iowa and DECAT- DHS.
	Clarke County Community Partners (an interagency group of service providers to Clarke Co. residents) will meet monthly to promote and expand services to families.	Community Partners meetings monthly bring together the organizations providing services to families in Clarke County to coordinate activities, promote partnerships and avoid duplications of services.
	Annual review of community health report and assessment of community partners service providers.	Child abuse statistics reviewed for FY 16 grant applications: 2012 -41 confirmed cases (26th in state), 2013 -20 confirmed cases (81st in state). Child abuse coalition and community partners updated. Teen births have dropped from 6.2% in 2011 to 3.0% in 2013. Planning CHNA to begin FY 16.
	Promote centralized resource information in several media sources and monitor usage.	Clarke County Resources card for families printed and passed out to all students and also available for the public. 2 Public Health staff members are bilingual for resource and referral to families. Resources also on Public Health web page.
